## NOTES:

## Name

CIS 220 Visual Basic for Business
CIS 135 PC Operating Systems
CIS 260 Systems Analysis/Design
CIS140 Networking for Business

## Prerequisite

CIS 120
CIS 110
CIS 140 Networking For Business
CIS 110

Students who select Computer Information Systems as their major are strongly advised to choose the highest level of math so that they will be adequately prepared for the field and for transferring to continue their education. Finite Math, Algebra with Trigonometry, Pre Calculus and Statistics are all desirable courses for a CIS major. Schedule CIS courses first. Schedule CORE courses around CIS courses.

[^0]
[^0]:    ${ }^{1}$ Computer Information Systems and ${ }^{1}$ Object Oriented Programming Logic are co-requisites or Computer Information System should be taken first.
    ${ }^{2}$ Behavioral, Social Science or Humanities Elective - Choose a 3 credit courses from 2 areas for a total of 6 credits.
