SEEN BY:

Completed credits of 64 required

NOTES: Courses should be taken in sequence as Core Nutrition courses and Clinical Practicum courses are only offered in the fall and spring semesters. Students enrolled in the Dietetic Technician Program must earn a "C" in all required Core Nutrition and Clinical Practicum courses in order to continue in the program. They must also maintain a minimum GPA of 2.0 to remain in the program. A grade of "C" in ALL COURSES is strongly recommended.

Both semesters: NUTR 120: Foods and Lab, NUTR 105: Nutrition Care 1, NUTR 123: Food Service Systems Management.

Fall only: NUTR 205: Clinical Nutrition, NUTR 245: Clinical Practicum 2

Spring only: NUTR 115: Nutrition Care 2, NUTR 145: Clinical Practicum 1, NUTR 118: Principles of Teaching Health Care, NUTR 107: Dietetic Seminar-Nutrition, NUTR 247: Clinical Practicum 3.

¹ NUTR 105: Nutrition Care I - Must be ready to take college level mathematics and ENG 101: Composition & Literature 1.

² NUTR 105: Nutrition Care I is prerequisite for NUTR 115: Nutrition Care 2. NUTR 115: Nutrition Care 2 and NUTR 145: Clinical Practicum 1 are co-requisites. If only one course can be taken it must be NUTR 115: Nutrition Care 2.

FACTSHEET

Dietetic Technician Program (Nutrition Care) A.A.S.

The Associate Degree in Applied Science (A.A.S.) Dietetic Technician/Nutrition Care, is one of two dietetics/foods and nutrition programs offered by the Department of Food Service Administration. Students graduating from this program are prepared for employment in the nutrition field immediately upon graduation as a Dietetic Technician.

The Dietetic Technician Program (DT) is accredited by the Academy of Nutrition and Dietetics (AND) and the Accreditation Council for Education in Nutrition and Dietetics (ACEND). The program is designed to provide high quality didactic and experiential learning opportunities that will prepare entry level Dietetic Technicians and Dietetic Technicians Registered with the knowledge, skills and competencies needed to compete effectively in the evolving job market of Westchester County and the surrounding area. One unique aspect of this program of study is the 450-hour, supervised clinical practice in area hospitals, nursing homes and community agencies. This experience provides students with an opportunity to implement the skills and principles taught in the classrooms and culinary foods lab, emphasizing the importance of adequate nutrition and diet, as it relates to wellness and a healthy life-style.

Students applying to the DT program are required, at their own expense, to have background (criminal and drug) checks in order to participate at Clinical Practicum sites. Failure to pass these checks may make it impossible to complete the program. There is also a uniform requirement and required medical clearance.

The job outlook for dietetic professionals continues to look positive. Working under the guidance of a Registered Dietitian, the Dietetic Technician is employed in various health-care facilities, nursing homes, health clubs, public health facilities and community agencies. Go to www.eatright.org for profession details.

PROGRAM HIGHLIGHTS

- The only accredited A.A.S. Dietetic Technician program in Westchester County
- Access program website at www.sunywcc.edu/diettech
- Supervised clinical field experience provides opportunities for students to learn in “real work situations”
- Counselor and faculty members available to assist with tutoring, program planning, registration, and financial aid procedures
- Individuals accepted on a part or full-time basis
- “Test prep” to assist in passing the Dietetic Technician Registration exam
- Graduates of the DT program are eligible to become members of the Academy of Nutrition and Dietetics and to sit for the registration exam to become a “Dietetic Technician Registered”
